

Christmas Dream

Written and recorded by Ferlin Husky

C F
I dreamed I spent my Christmas with my family
D7 G7
I heard the sleigh bells ringing from afar
C F
I dreamed I helped my sisters decorate the tree
D7 G7
And my brother held me up to hang the star
C F
Mama and my papa and all the kids were there
D7 G7
We opened up our presents then we had the family prayer
C F
I spent a lovely Christmas with my family
G7 C
Even if it was a Christmas dream
F
I dreamed I spent my Christmas with the family
D7 G7
And what I wouldn't give if it were so
C F
I dreamed my mama kissed me and buttoned up my coat
D7 G7
And said now go and play out in the snow
C F
Poor old papa carved the turkey and little sister cut the cake
D7
Then we bowed our heads and all gave thanks
G7
We said in Jesus name and for his sake
C F
I had a lovely Christmas with my family
G7 C
Even if it was a Christmas dream
