

# No milk today

[Verse 1]

**Dm** **F**  
No milk today, my love has gone away.  
**A** **Dm** **A** **Dm**  
The bottle stands forlorn, a symbol of the dawn.  
**F**  
No milk today, it seems a common sight,  
**A** **Dm** **A** **Dm**  
But people passing by don't know the reason why.

**D** **C**  
How could they know just what this message means,  
**G** **A** **D**  
The end of my hopes, the end of all my dreams,  
**C**  
How could they know, a palace there had been,  
**G** **A** **D**  
Behind the door where my love reigned as queen.

**Dm** **F**  
No milk today, it wasn't always so,  
**A** **Dm** **A** **Dm**  
The company was gay, we turn'd night into day.

[Chorus]

**D** **A** **Bm** **A**  
But all that's left is a place dark and lonely  
**D** **A** **G**  
A terraced house in a mean street back of town  
**D** **A** **Bm** **A**  
Becomes a shrine when I think of you only  
**G** **A**  
Just two up two down.

[Verse 2]

**Dm** **F**  
No milk today, it wasn't always so,  
**A** **Dm** **A** **Dm**  
The company was gay, we turn'd night into day.  
**F**  
As music played the faster did we dance  
**A** **Dm** **A** **Dm**  
We felt it both at once, the start of our romance.  
**D** **C**  
How could they know just what this message means,  
**G** **A** **D**  
The end of my hopes, the end of all my dreams,

**C**

How could they know, a palace there had been,  
**G** **A** **D**  
Behind the door where my love reigned as queen.

**Dm** **F**  
No milk today, my love has gone away.  
**A** **Dm** **A** **Dm**  
The bottle stands forlorn, a symbol of the dawn.

[Chorus]

**D** **A** **Bm** **A**  
But all that's left is a place dark and lonely  
**D** **A** **G**  
A terraced house in a mean street back of town  
**D** **A** **Bm** **A**  
Becomes a shrine when I think of you only  
**G** **A**  
Just two up two down.

[Verse 3]

**Dm** **F**  
No milk today, my love has gone away.  
**A** **Dm** **A** **Dm**  
The bottle stands forlorn, a symbol of the dawn.  
**F**  
No milk today, it seems a common sight,  
**A** **Dm** **A** **Dm**  
But people passing by don't know the reason why.

**D** **C**  
How could they know just what this message means,  
**G** **A** **D**  
The end of my hopes, the end of all my dreams,  
**C**  
How could they know, a palace there had been,  
**G** **A** **D**  
Behind the door where my love reigned as queen.

**Dm** **F**  
No milk today, it wasn't always so,  
**A** **Dm** **A** **Dm**  
The company was gay, we turn'd night into day.

[Outro]

**D** **A** **Bm** **A**  
But all that's left is a place dark and lonely  
**D** **A** **G**  
A terraced house in a mean street back of town (Repeat x3)
