

Winter's Tale

C **G C F**
The nights are colder now
Am Am7 F
Maybe I should close the door
C G7 Am
And anyway the snow has covered all your footsteps
F G
and I can follow you no more.
C G C F
The fire still burns at night
Am Am7 F
My memories are warm and clear
C G7 F G7 C F C
But everybody knows it's hard to be alone at this time of year.

C G7 C C7 F
It was only a winter's tale just another winter's tale
C F C G
and why should the world take notice of one more love that's failed
C G7 C C7 F
it's a love that can never be though it meant a lot to you and me
C G G7 C F C
On a world wide scale were just another winter's tale

C G C F
While I stand alone
Am Am7 F
A bell is ringing far away

I wonder if you hear, I wonder if you're listening
I wonder where you are today
Good luck I wish you well
for all that wishes may be worth
I hope that love and strength are with you for the length
Of your time on earth.

It was only a winter's tale just another winter's tale
and why should the world take notice of one more love that's failed
it's a love that can never be though it meant a lot to you and me
On a world wide scale were just another winter's tale

It was only a winter's tale just another winter's tale
and why should the world take notice of one more love that's failed
it's a love that can never be though it meant a lot to you and me
On a world wide scale were just another winter's tale
